**\*See Plan Details below**

## **Plan Details:**

- \* Plan must be paid for in advance.
- \* Does not include farm call costs or sedation for dentistry (if needed).
- \* 5% discount off any additional services required throughout the year (emergencies, products, farm call fees, etc.).
- \* There will be no refunds or substitutions. If a client does not wish to include the Strangle Vaccine, a credit will be applied to their account. Also, if a client wishes to add a coggins test to the basic plan, it will be provided at a 5% discount.
- \* If a horse dies or is sold outside of the practice area while participating in the program, a prorated refund will be given. Horses within the practice area may have their program transferred to the new owner. (Any monetary compensation for transferring the plan is the seller's responsibility.)
- \* If your horse has never been vaccinated before, it will require an initial series of vaccinations with boosters 3 – 6 weeks later. These booster vaccinations are not included in this program.
- \* Horses must be over 1 year old to participate in the wellness program.
- \* Dental care includes a complete oral speculum exam, and a routine floating. Additional dental work such as extractions, periodontal pockets and incisor malocclusion correction is not included.
